

MiniBrute Magnetic Drill Press AC35

Applications

A lightweight drill for drilling holes up to 1-3/8" diameter. Ideal for steel fabrication and erection industry, truck/trailer frame fabrication, plant maintenance, refineries, power generation, mining, construction, bridge work and ship building.

Features

- Weighs 23 lbs
- Magnetic Strength 2,200 lbs
- Cutter capacity: 1-3/8" diameter x 2" depth
- Utilizes S&D drills up to 3/4"
- Vertical travel - 3-1/8"
- Standard external fluid reservoir
- Quick change cutter arbor
- 1 Speed Motor: 600 RPM

Advantages

- Easy to maneuver
- Less fill ups
- Annular cutters changed quickly with no tools
- Ideal for use with carbide tipped annular cutters

Included

- Carrying case
- Hex keys
- Safety chain
- External coolant bottle
- Safety guard
- Quick release arbor enables cutter change in seconds

Arbors & Chucks

- INCLUDED**
- AC3502LQ quick-release 3/4" Arbor
- OPTIONS AVAILABLE**
- AC3502-M 3/4" 2 Set Screw Arbor
 - AC-ADAPTOR-OC
 - AC35-451220 drill chuck
 - AC35-461220 adaptor
